

FlexMLS now provides a direct link to your REALTORS® Property Resource (RPR) account. Once you click on RPR from the FlexMLS Search menu (see Figures 1 & 2 below), you will be passed directly into your RPR account -- that is, once you have setup your RPR account. Fortunately, clicking on the RPR link is the best thing to do in either case. Continue reading below. [What is RPR?](#)

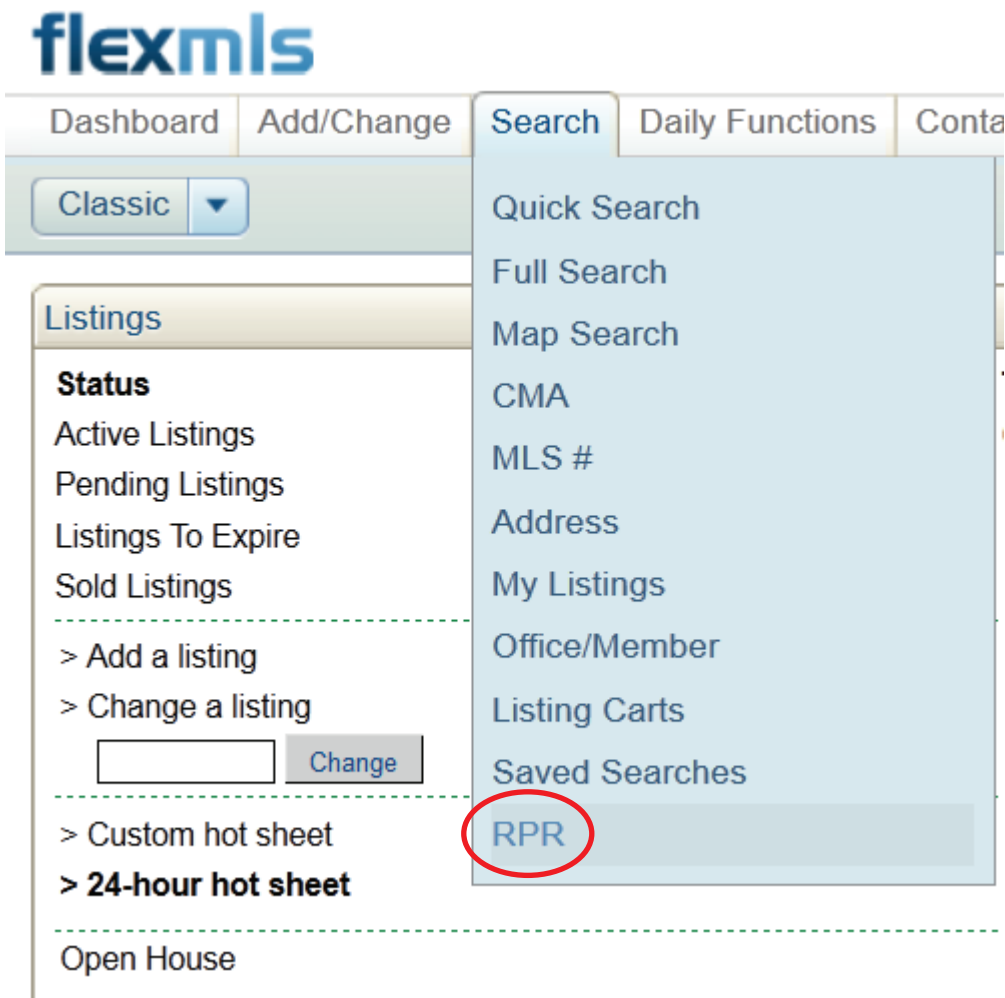

Figure 1: FlexMLS horizontal menu showing the location of the RPR link

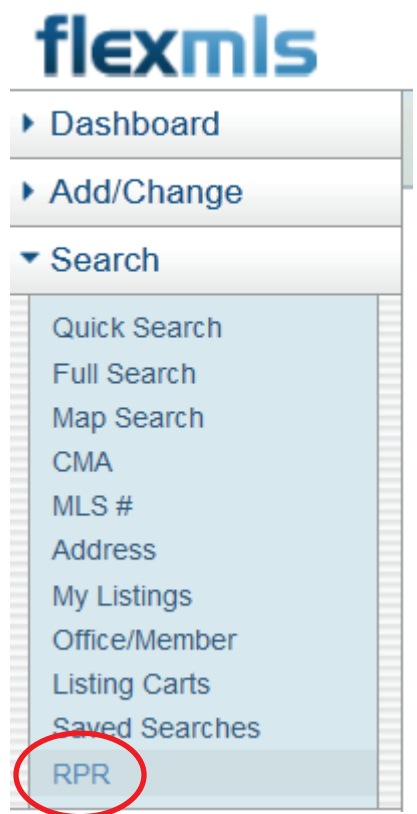

Figure 2: FlexMLS vertical menu showing the location of the RPR link

If after clicking on the RPR link from within FlexMLS, you see the login screen below, do not attempt to login from this screen, but click on "Create New Account". You will be prompted for your Last Name and NRDS#. If you do not know your NRDS#, an onscreen lookup tool will help you find it.

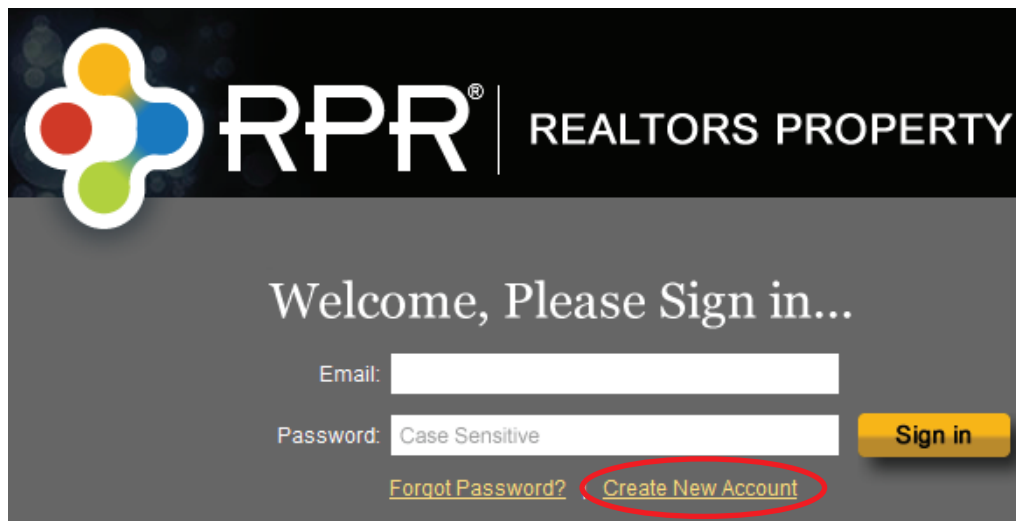

Figure 3: Setup your RPR account -- Click on "Create New Account"

After you submit your Last Name and NRDS# you will then be prompted to add information to your profile within RPR. Enter some of the basic information into your RPR profile, and then save it. You can always edit or complete your profile at a later date. Close the RPR page. From now on, the RPR link shown in Figures 1 & 2 should take you directly into your RPR account.
